

# Maritime World Explained

## Maritime World Explained

Would you like to broaden your knowledge, develop your understanding of the industry and enhance your CV? Do you want your staff to possess a greater knowledge and understanding of the wider industry you work? Or are you new to the shipping world and want to increase your industry knowledge?

Maritime World Explained is the answer.

This extensive one-day course provides a comprehensive introduction to the shipping industry and is an excellent way to enhance your knowledge of it.

It provides a valuable insight that enhances individual understanding, which in turn improves the quality of service you offer to your employer or your clients.

Designed and delivered by ICS approved trainers, who are well-established experts in their field.

## Learning & Networking

This intensive one-day course includes discussion sessions, group work, workshops and multi-media presentations. The day gives participants plenty of opportunity to ask questions, explore concepts and work through practical cases.

It is an interactive and engaging look at the maritime sector and is ideal for those who are new to the industry, or who work in roles that support activity within the maritime sector.

### Section 1 – The Significance of Shipping

An overview of how shipping has evolved into the global industry it is today, looking at key markets and major trade routes.

### Section 2 – The Sectors

This section focuses on the three sectors that make up the majority of shipping activity; wet, dry bulk and liner trades.

### Section 3 – Cargo Handling, Ports & Beyond

Section three looks more closely at the port, at cargo handling and infrastructure.

### Section 4 – Practitioners

This section examines the various parties involved in the maritime sector and their interaction with each other.

## Section 5 – Documentation

Section five examines some of the significant documentation used in the industry.

## Section 6 – Interactive Workshop

The groups work through a given scenario together, and apply what they have learnt from the course.

## For the Shipping World Specialists

Maritime World Explained is usually run at central London locations every four to six weeks. The course can also be organised upon request on an in-house basis. The cost of this course is £375.00 per person, including all course materials, lunch and VAT. Discounted rates may apply to ICS Company Members or for companies interested in sending multiple attendees.
